THE HANDLE

This net is made with a double handle, i.e. two thin handles forming one handle.

It is a good idea to put some stitch markers in the piece so that you can attach the handle to the opposite side quickly and easily.

- Insert a marker in stitch number 1, 3, 4, 6, count out 30 stitches.
- Insert a marker in stitch number 31, 33, 34, 36, count out 30 stitches.

As you can see in the picture, we have used different colour markers corresponding to the above two lines - each handle has its own colour.

Now make the second part of the handle, it is the same procedure as the first.

To get to the same starting point, make 3 double crochets, so that you are in the last pink stitch marker. Now repeat all steps from the first handle.

Cut the yarn and fasten the end.
