The scalloped edge

1 ch, 1 dc in the same s.

Skip 2 s, 7 tr in the next s, skip 2 s, 1 dc in the next s, repeat from * to * until you have 23 scalloped edges.

When you crochet the last scalloped edge and have made the 7 tr, you skip 3 s instead of 2, which you have done so far, and finish with a sl st in the first dc from the round.
