Here's a creative guide on how to create a beautiful table setting which focuses on recycling. The different decorative elements help brighten your table beautifully, ensuring that you are adequately prepared for any occasion. The table setting is perfect for delicious barbecues, birthdays, graduations, anniversaries and other festive occasions where you want the table to be extra colourful.

Follow our guide to see what you need and how to do it - and we guarantee you'll have a gorgeous table setting for your next event. See also our [pink-themed table setting guide](#) for more inspiration.

When setting a table for X people, you'll need:

6-8 people:

- 5 x [faux leather](#) (2.5 m)
- 1 pack of [napkins](#)
- 1 pack of [tissue paper](#) (the one in the picture is no longer in stock)
- 1 packet of [manilla labels](#)
- 1 ball of [DMC Nova Vita 4 yarn](#)
- 1 x [spray paint](#)

12-14 people:

- 9 x [faux leather](#) (4.5 m)
- 1 pack of [napkins](#)
- 2 packets of [tissue paper](#)
- 2 packets of [manilla labels](#)
- 1 ball of [DMC Nova Vita 4 yarn](#)
- 1 x [spray paint](#)

18-20 people:

- 13 x [faux leather](#) (6.5 m)
- 1 pack of [napkins](#)
- 2 packets of [tissue paper](#)
- 2 packs of [manilla labels](#)
- 1 ball of [DMC Nova Vita 4 yarn](#)
- 2 x [spray paint](#)

It is assumed that for every 6 people sitting at the table 3 pompoms, 3 candles and 3 vases of cans are made, and the table is expected to be about 2 metres long.

Alternative patterns you can use for the table setting:

- [Leather strap key ring](#) can be used as a napkin ring/table card and as a gift for each guest.

Instructions:

1) Save all your leftover candles in the months leading up to setting your festive table. Also, save some nice jars from your household to use for the candles. Melt the candle scraps and make the finest new sustainable candles at least a few days before the party. Follow this [guide](#).

2) Make the pompoms for your table on the day or preferably well in advance as they can easily be

stored away in a box. Follow the [guide right here](#).

3) In the run-up to the party, save cans of drinks such as sparkling water, soft drinks, beer and energy drinks. Preferably some that are as silver as possible and in different sizes. On the day or in advance, turn these cans into decorative vases using the [guide right here](#).

4) Write table cards and prepare napkins. This can easily be made with the pompoms in advance and stored with them in a box. Follow the [guide right here](#).

5) Put the faux leather tablecloth on a few days before the party so that the wrinkles in the tablecloth have time to straighten out. Pick up flowers and branches from your garden or surrounding countryside. Arrange them in the vases. Cover the table with tableware and napkins with table cards, pompoms, vases and candles (make sure the wicks are not too long). Place candles and vases in groups of three. Three candles and vases together, or mix them as you see fit. Enjoy the sight of the well-laid table as you get ready for your guests to arrive!
